

## STAY FORTH DESIGNS: *UNIQUE DESIGN FRAMEWORK*

NAME \_\_\_\_\_

You are created in the image of God, the designer. *WHO* you are matters more than *WHAT* you do. When you grasp your workmanship you can set a course for meaningful work. Instead of asking the anxiety-producing question, “*What can I do?*” our team first helps people discern, “*What am I uniquely designed to do?*”

This journey is one of the most clarifying and freeing things you will ever do. Design involves both form and function, beauty and practicality, meaning and purpose.
